A small company was delightfully entertained Friday evening at the residence of Mr. Low, corner of Market and Columbia streets, by Xenier Mihills, of Boston, violinist, accompanied by Miss Florence Low, on the piano. Mr. Mibills was for seven years with Theodore Thomas' orchestra, and was a member of the original organization, but owing to a partial loss of bearing was obliged to retire from his profession. His masterly execution of the most classical selections bore evidence of remarkable telent and high musical culture. Miss Low's accompaniments were in her usual pleasing style.

After each had done ample justice to this very important part of evening's entertainment, indoor games were enjoyed until the time came to say good night, when all the merry little people wished Miss Nellie many happy returns of the event. THE MIKADO.

As Sung By the Withur Opera Company

Last Night. Never since the famous night of Mary Anderson, three winters ago, has the Grand held a more tashionable or brilliant audience than the one that turned out last evening to bear the Wilbur Opera company in the "Mikado," Gilbert and Sullivan's latest craze. So much has been said and written about the opera itself that any criticism of it here is unnecersary. It is certainly very unique in its conception, and, as is always the case with these remarkable composers, it contains a few catching airs destined to become very popular-Particularly so are the executioner's solo, the quintette, "A is happy, B is not," and the trio sung by "Yum-Yum," "Ko-Ko' and "Nauki-Poo," The accompaniment to the duet between the hero and heroine has always been popular with young lovers and will probably always continue so. The Wilbur Company contains some magnificent voices, and though a little more strength would not have burt the chorus, the audience was delighted with the manner in which the opera was sung. The managers have certainly shown good taste in selecting their female characters rather for their ability than for their personal beauty. The costumes had been prepared with great care and skillful stage management added much to the success of the show.

They are playing the "Mascotte" this aftermoon to a crowded house, and will doubtless be greeted by another large audience at the repetition of the "Micado" this evening. SUNDAY'S GLOBI-REPUBLIC.

THE MIAMI CONFERENCE.

Second Day's Proceedings of the U. B. Church Meeting at Dayton.

The sessions of Friday were largely at tended, the large audience room being well filled at each service. There are a large numher of visitors in attendance from all points of the conference. There was a noticeable harmony of action on nearly all questions and general good feeling prevailed among the members.

The conference convened at 8:30, Bishop Weaver in the chair. The devotional exercises were conducted by Rev. G. W. Arnold, After the roll call and reading of minutes of previous day the examination of the character of the pass tors and the receiving of their annual reports was taken up. The reports showed an unusual year of prosperity on many of the fields of labor. Against their moral character there were no complaints or charges.

Rev. F. Fritz, of the German conference and Rev. Dr. Hall were admitted to advisory

On motion the remainder of the money col lected for general conference expenses was transferred to the preachers' aid fund.

J. W. Kilbourn, presiding elder, presented the names of J. B. Doughman of Lagonda, O., and F. H. Bohn, of Union City, as applicants for license to presch. Rev. McKee presented the name of William Cleave, of Miamisburg. They were referred to the committee on candidates for the ministry.

The committee on education read its report and it was made the special order of business

at 2 p. m. The receiving of preachers' reports and examination of character were resumed. In the main the reports were excellent, showing a great number of accessions to the church, liberal collections, and increase in Sunday school and an active, healthy condition of the different charges.

Conference adjourned until 2 p. m. AFTERNOON SESSION.

Devotional exercises were conducted by Rev. W. K. Allbright.

The report of the committee on education was called for and read. Rev. D. R. Miller, manager of the semina-

ry, at the request of the conference, made a statement as to the financial condition of the school. The time for the communion service having arrived the question was laid over. One of the most delightful services the writer ever witnessed was the usual confer-

ence communion services held at 3 p. m. Bishop Weaver introduced the service with appropriate remarks and announced that Revs. McKee, Kilbourne, Mowers and Dr. Hott would wait upon the communicants. About 400 persons participated in the solemi service. At the close the bishop spoke to the large audience elequent words concerning our heavenly home. He beautifully remarked that "If it is so glorious and thrilling here to sing, 'We're going home,' what glory and joy will fill the souls of the saved when they can sing 'I'm safe at home.'" In the evening there was a mass missionary meeting presided over by Bishop Flickinger. The meeting was addressed by the bishop, Mrs. L. R. Keister and Rev. Harbaugh, of Sandusky conference; the house was completely filled

and an excellent service held. One of the delegates is a woman, Mrs. Dr. Wineland, of West Elkton.

Among those present were Edith Bean, Lora Brown, Josie Durbin, of Wilmington, Ohio, Ardoth Bromfield, Helen Gashmer, Maggie Alexander, Anna Dillon, Gertie Newport, Gertie Allison, Cora Manning, May Mc-Nealle, Ethel Marot, Pearl Funk, Bessie Haney, Grace Gelwicks and Effic Rourk. Meeting of Turn-Verein. The weekly meeting of the Turn-verein committees was held at the Acme Ciun rooms in Johnson's block Friday evening, Mr. Voges occupied the chair, and Mr. Joseph Schneider secretary. There were about thirty members present. The first report was that from the committee on arrangements. They reported everything as completed, with the exception of a 'ew minor duties which cannot be attended to until later. The committee on par and bertenders, with Mr. Trottwein as its chairman, selected thirteen men to perform this very important duty. Reception com-mittee report that all arrangements have been made for street car transportation to and from the fair grounds and that aside from this nothing is left for them to do. Why Hoys Tire of School,

It is generally understood that if boys were interested in their studies they would not tire of school. Teachers know that, and know also that novelty excites interest, hence new studies and new books; but soon the novelty wears off, and all interest, except to reach the goal—the termination of study—ceases.

The cause of this trouble educators of ad-

vanced views attribute to the popular system of teaching which exacts verbatim recivations, and instructs by rules that must be memor zed, than which nothing could be more dis tasteful to, or laborious for the student, or generally unprofitable. The result of such a system of teaching is a general dislike for reading and study after the school days are

The system of teaching in operation at the Nelson colleges is entirely free from there objections. Accordingly we find a growing taste for reading and study which greatly facilitates the work of the teachers and so rapidly prepares the students for the active duties of life that a large proportion of the young men obtain situations in business before graduation. Need we say that the same system is equally adopted to the wants of boys? The Directors of the Nelson colleges think so; hence the department for boys,

which is meeting with so much favor. Morning GLORE-REPUBLIC on and after SepMEDICAL.
